

Client Profile

Signature Landscape Meets Demands Of Corporate Clientele

The name Kessinger/Hunter and Company is synonymous with good taste, style and class in the Kansas City area and beyond. Ann Bohrn, Property Manager for Kessinger/Hunter, takes pride in upholding this reputation. She demands the highest quality in every aspect of the industry. And she consistently calls upon Signature Landscape to handle the properties she manages.

"I was one of Signature's first commercial customers when they entered the market," Bohrn says. "I have worked with them since practically day one."

Signature handles various high-profile office buildings managed by Kessinger/Hunter along the College Boulevard corridor, as well as industrial properties under Kessinger/Hunter management. Over half the properties are irrigated, allowing Signature to keep the turf lush and inviting.

Several of the properties Bohrn manages are vast, providing Signature the opportunity to create large-scale landscape designs and maintain wide areas of land. The company has landscaped new buildings as well as upgraded existing landscaping. Through the years, Bohrn continues to keep Signature on board with properties she manages.

"Signature is a quality conscious landscape company with good follow-up, and competitive prices," Bohrn says. "Their level of service is a notch above the competition or I wouldn't be using them!"

Since its inception, Signature has been dedicated to providing the highest level of service available in the marketplace. Strongly committed to being leaders in the industry, Signature's work consistently reflects competitive pricing and professional ethics. The company continues to leave the mark of quality on everything it touches.
